

# Fresh Frozen

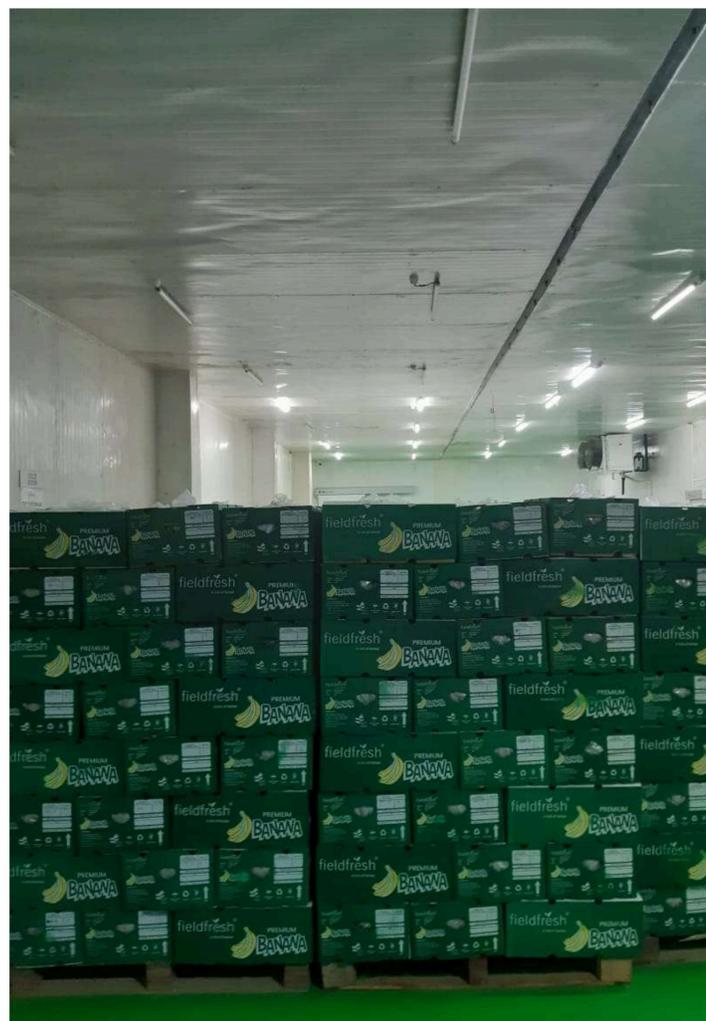

## **About us:**

Fresh Frozen is a frozen food processing company specializing in premium-quality frozen fruits, vegetables, and pulps, serving food brands, HoReCa, bulk buyers, and export markets.

At Fresh Frozen, we believe great food begins at the source. We work closely with farmers and growing regions to procure fruits and vegetables at peak maturity and process them using advanced freezing technology that preserves natural taste, color, texture, and nutrition. Our integrated approach ensures consistency and quality across every product we deliver.

From sourcing and processing to cold storage and dispatch, our operations are designed to maintain complete control over the supply chain. Equipped with modern processing lines, cold rooms, and reliable cold-chain infrastructure, we ensure our products meet stringent food safety and quality standards while delivering dependable supply throughout the year.

Driven by strong partnerships, skilled people, and a commitment to excellence, Fresh Frozen focuses on long-term relationships and tailored solutions that support our customers' growth across domestic and global markets.

## **Why Choose Fresh Frozen?**

We combine advanced freezing technology, strong sourcing partnerships, and end-to-end cold-chain control to deliver frozen fruits, vegetables, and pulps that meet the highest quality and food safety standards.

## **Farm-To-Freezer Control**

We work closely with farmers and sourcing regions to procure produce at peak maturity and process it immediately. This end-to-end control ensures consistent quality, traceability, and freshness in every batch.

## **Advanced Processing & Freezing**

Our modern processing lines and freezing systems preserve natural taste, color, texture, and nutrition—without compromising food safety or shelf life.

## **Reliable Cold-Chain Infrastructure**

With dedicated cold storage and controlled logistics, we maintain product integrity from processing to dispatch, ensuring year-round supply for bulk, HoReCa, and export markets.

## **Quality, Safety & Partnerships**

Guided by skilled people and long-term partnerships, we follow strict quality checks and food safety practices while offering flexible solutions tailored to our customers' needs.

## **Driven By Vision. Built On Quality.**

Fresh Frozen was founded with a clear vision: to deliver premium frozen fruits, vegetables, and pulps by combining nature's best produce with modern freezing technology. From the very beginning, the focus has been on building a reliable, process-driven organization that prioritizes quality, food safety, and consistency at every stage of production. Guided by strong leadership and deep industry understanding, Fresh Frozen has grown into a trusted manufacturing partner for food brands, HoReCa, and bulk buyers. Our approach is centered on control, transparency, and continuous improvement—ensuring that every product leaving our facility meets the highest standards.

## **Our Mission :**

Our mission is to enhance lifestyles by unlocking the power of nature and delivering high-quality frozen food from soil to plate. Through skilled people, trusted partnerships, advanced processes, and customer-focused service, we aim to consistently exceed quality and food safety expectations across domestic and global markets.

### **Our People**

Our people are at the heart of Fresh Frozen. We foster a strong company culture driven by passion, integrity, and excellence. By identifying, nurturing, and developing top talent, we build a team committed to consistently delivering the highest standards.

### **Our Partners**

We view our suppliers as long-term partners. By building strong, sustainable relationships and integrating farms into our production cycle, we ensure transparency, consistency, and shared growth across the value chain.

### **Our Products**

Through careful hand-picking of raw materials, expert technical knowledge, advanced machinery, and complete end-to-end process control, we ensure our products meet the highest quality and food safety standards.

### **Our Service**

With a diverse global product portfolio, we deliver personalized customer experiences, enabling us to anticipate needs efficiently and maximize customer satisfaction worldwide.

# Products Portfolio
